On March 11, 2021, The American Rescue Plan Act (ARPA) was signed into law. The act includes \$8 billion in federal funds to be awarded as economic relief to eligible U.S. airports to prevent, prepare for, and respond to the coronavirus disease 2019 (COVID-19) pandemic.

The ARPA funds will provide 100% grant funding to federally eligible general aviation airports in Texas to be used for operations, personnel, cleaning, sanitization, and combating the spread of pathogens at the airport. Texas is estimated to receive \$7 million.

The Aviation Division is seeking approval to apply for ARPA funds, through the FAA's State Block Grant Program, to subaward to the 166 eligible airports listed in Exhibit A for economic relief funding. The Texas Department of Transportation recommends the award of federal ARPA funds for this relief effort across Texas.

IT IS THEREFORE ORDERED by the Texas Transportation Commission that the executive director, or the director's designee, subject to applicable federal requirements, is authorized to enter into any necessary agreements to fund and administer the ARPA projects described in Exhibit A.
